

# The Opportunities for UCD Input into the D&T Design Process

The terms in the **green boxes** at the foot of the chart indicate techniques and concepts that UCD could usefully bring to bear on the standard D&T Design process, normally taught in UK secondary schools.

Generic problem /  
solution design  
process  
terminology

**IDEO HCD Toolkit**

**GCSE Coursework Design Process**

**KS3 Design Process**

**Potential UCD additions to the D&T design process**
